REPORT OF LIBRARIAN

Number of magazines loaned	879
Number of books loaned	5,742
Number of borrowers	249
New books purchased	112
Books from Public Library Commission	14
Gift books received	94

Much appreciation is extended to all those who have so generously contributed books and magazines the past year.

The Bookmobile, sponsored by the Public Library Commission, has made several visits to the Library since July, loaning about twenty-five books at a time, which have been very much appreciated and have proved to be a fine supplement to our regular supply of reading material. It is hoped that the service may be continued. The Bookmobile has made a few visits at the Atwell Hill School, also.

As an additional gift, the Public Library Commission is giving us one year's subscription to "Story Parade," a magazine for children.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the School District of Wentworth.

The twelfth annual report of the present superintendent of schools is hereby submitted and makes a part of the report of the school board of the school district of Wentworth.

The district operates a two-room school at the village and a rural school on Atwell Hill. Seventeen children are transported to the village school from the East side, Buffalo district and South Wentworth. This makes an approximate enrollment of 60 pupils for the village school which is a good number for efficient work. Mrs. Louise Lemieux is in charge of the grammar room and is doing a constructive piece of work. She has had successful experience in city schools. She is a firm but kind disciplinarian and understands children thoroughly. Pauline Webb remains in the primary room and Carole Lavoie on Atwell Hill are both doing work of a high order in their schools. Every school, to reach its highest possible success and efficiency must have the full cooperation of the child, teacher and parents. The management of the schools is ready to receive and investigate reasonable complaints which will occur now and again in any school, but careless criticism, based entirely on the one-sided reports of children and heresay evidence not only is unjust, but is a distinct detriment to the school. Any district that is over critical of its teachers may find it difficult to retain good teachers long enough to insure steady progress.

The Atwell Hill School has been wired for electricity, current becoming available since the last report. This is a great improvement and will be a help to the children and their eyes. During the dark afternoons of fall and winter the room has been very poor for any reading or writing. The present enrollment of the school is 16, of whom 4 are from Piermont.

Ten children of the district are now enrolled in the Orford High School, receiving the splendid opportunities of the agricultural and domestic arts departments. Reasonable and efficient transportation is now available which shortens the school day for those attending this school. An article appears in the warrant to authorize the Board to enter into contract with the Plymouth Teachers' College to pay tuition at the established rate of the school. This obligates no child to attend that school and can always be cancelled at the end of the school year on three month's notice.

Respectfully submitted,

ALLAN M. McCURDY
Superintendent of Schools
